Bold Veterinary Clinic is committed to reducing its environmental impact through a journey of continual improvement by working through the Investors in the Environment accreditation scheme. We are making ongoing improvements to the practice in order to create a state of the art facility that provides an ideal environment for clients, patients and team members.

Our environmental commitment can be demonstrated in our established objectives and goals below:

- Commitment to net zero carbon emissions target by 2040 in alignment with corporate sustainability policies
- Compliance with all applicable environmental regulations and public/customer expectations

- Working with suppliers to ensure they acknowledge and decrease the environmental impact

We will continue to improve our environmental management system by working to the Investors in the Environment (iE) criteria, considering any changes in legislation, our organisation, and other factors.
